This is the first and complete documentation of the Late Classic Hieroglyphic Stairway 1 at Edzna. All Maya glyphs are represented in to-scale black-and-white photographs and corresponding line drawings. In addition, three inscribed limestone panels, Edzna Miscellaneous Sculptures 6, 7, and 9, attributed to this stairway, are described and illustrated. The line drawings were created by Sven Gronemeyer, University of Bonn, Germany. This is a strictly limited edition.
